ENCLOSURES.....

.....

.....

SPARE COPIES.....

I have the honour to state that the percentage of appointments held by the members of the Backward Communities in the Executive Staff of this Department has exceeded 50 per cent for several years past. Under Rule 20 (Exception 1) of the Revised Recruitment Rules the classification of vacancies as "Special" and "General" have, in this circumstance, to be made on the basis of two to one. In the classification of vacancies sent up to the Central Recruitment Board for advertisement in the Gazette in respect of two batches of Probationary Sub Inspectors appointed in 1932 and 1933, this proportion was fixed and it was accepted by the Central Recruitment Board. In April 1935, however, in connection with the appointment of 7 Probationary Sub Inspectors, the Secretary, Central Recruitment Board, intimated in his letter No.8057/C.R.B. dated 18th April 1935 that, in the absence of specific orders of Government for adopting the Special Rule of one "General" to two "Special" vacancies, the common rule of one "General" vacancy" to three "Special" vacancies may be continued to be adopted until further orders.

It was not expected that, as this proportion had been adopted and accepted by the Central Recruitment Board itself on previous occasions, a further reference to Government was needed to continue the practice, but in view of the reply of the Secretary, Central Recruitment Board, referred to above, it has become necessary to move Government to permit the proportion of two Special" vacan-

vacancies to one "General" being adopted in future.

The enclosed statement shows the number of appointments in this department held by the Backward Communities in the several districts on 30th June 1936. It will be seen therefrom that more than 63 per cent of the appointments are held by the members of such communities. Rule 20 of the Central Recruitment Board Rules has, therefore, to be extended to this Department and I request that in filling up vacancies in this Department (Executive) hereafter, the proportion of two (Special) to one (General) may be permitted to be taken.

The proportion given in the enclosed statement slightly varies from that given in the printed statement for the half year ending 31st December 1935 published by the Central Recruitment Board. This is due to the fact that in the statement sent to the Central Recruitment Board, appointments which come under the control of the Deputy Commissioners of districts as Unit Officers, such as Daffedari appointments, have been omitted and only appointments dealt with in the Inspector General's Unit taken to account. In the list now furnished all appointments in the Department are taken into account.

I have the honour to be,
Sir,
Your most obedient servant,

INSPECTOR GENERAL OF POLICE.

30 JUNE 1937

SIR,

With reference to your letter No.8176 dated the 25th June 1937, regarding the adoption of the proportion of two Special to one General in filling up vacancies in the executive service of this department, I have the honour to state that the figures furnished in the "C" statement for the year ending 30th June 1936 show only the appointments which come under the control of the Inspector General's unit, i.e., Inspectors, Sub Inspectors and Jamedars, but the figures furnished in the statement enclosed to my letter of 5th May 1937 show the appointments of officers in the department as a whole and includes Daffedars also which come under the control of the Deputy Commissioner's unit. This point has been explained in the last para of my letter dated 5th May 1937.

For purposes of calculation of this percentage the appointments of Gazetted ranks and of the menials have not been taken into account.
